**DETAILED ACTION**

***Claim Rejections - 35 USC § 102***

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in a patent granted on an application for patent by another filed in the United States before the invention thereof by the applicant for patent, or on an international application by another who has fulfilled the requirements of paragraphs (1), (2), and (4) of section 371(c) of this title before the invention thereof by the applicant for patent.

The changes made to 35 U.S.C. 102(e) by the American Inventors Protection Act of 1999 (AIPA) do not apply to the examination of this application as the application being examined was not (1) filed on or after November 29, 2000, or (2) voluntarily published under 35 U.S.C. 122(b). Therefore, this application is examined under 35 U.S.C. 102(e) prior to the amendment by the AIPA (pre-AIPA 35 U.S.C. 102(e)).

2. Claims 1-22 are rejected under 35 U.S.C. 102(e) as being anticipated by Yoshitomi et al. (U.S 6,347,998)

Yoshitomi et al. discloses a game system which enables a player to play a game for evaluating accuracy of operation performed when the player has operated an actual performance operation instrument in accordance with an operation instruction given for a display image of performance operation instrument appearing on a game display screen (column 10, lines 24-36), a mark-up processing device which marks up an improvised musical operation which is played with a degree of freedom of performance by the player through use of the actual performance operation instrument in accordance

with a performance,operation instruction (column 9, lines 15-67 onto column 10, lines 1-67).

***Conclusion***
